Hi Rachel,

We wanted to let you know about a few recent updates to our **Account Agreement**. We're required to notify you when we make updates, and we'll always explain in plain English.

Firstly, we've raised the per-transaction spending limit from \$3,000 to \$6,000.

Now might be a good time to set a Goal for something big! The 24-hour card spending limit is also now \$6,000. The total 24-hour spending limit (which includes payments made using Send Money) is now \$8,000.

In addition, the 30-day over-the-counter withdrawal limit is now \$20,000 and the 30-day Send Money limit is now \$18,000.

Lastly, a clarification: starter checks or counter checks (checks from a teller window) cannot be deposited via Photo Check Deposit.

Thanks and Happy New Year!

-The Team at Simple

P.S. Receive any checks during the holidays? Don't forget you can now deposit them using our **iPhone app**!
